## Philosophy

KSA specializes in **automated shot peen forming** and high-end applications for **controlled shot peening**.

Our mission is to support you by developing **tailor-made automation solutions** for your shot peening needs and goals, thereby helping you to **improve efficiency** in your production process.

To do this, we co-operate with machine manufacturers and other **advanced technology partners**.

Our **professional approach** embraces the core principles of **process control, quality, reliability and efficiency**.

By placing these at the heart of our philosophy, we can provide you with the **best-possible technology and service** for shot peening applications in an **atmosphere of trust and transparency**.
